"Do this is memory of me..."

'It is a poor memory that only remembers backwards.' So said a character in *Alice in Wonderland* or was it *Through the Looking Glass*? I don't remember. In the coming weeks, we Christians use a different form of memory. It is not about information from the past but remembering the presence of God in Jesus Christ 2000 years ago so that God can be present today in our world- in you and in me. We remember, not for Jesus' sake, but for our own. By prayerfully remembering the death and resurrection of Jesus Christ we allow His love and life to enter into our own – especially where we most need it. In these weeks when you attend the prayers and liturgies, at school or at the church, take your griefs and sorrows, your struggles and joys with you. In your heart pray, 'Jesus remember me, as I am remembering you' and then be open to receive His reply for He will surely send His good Spirit to guide you through the challenges of your life. Be prepared though – sometimes that Spirit comes from left field, from people and places we don't expect or want to hear from. Sometimes that Spirit suggests some strange and radical behaviour – like forgiving people who have hurt us, or like confronting people who frighten us, or like expecting us to love in very unloving situations. As we remember Jesus in those situations we can draw strength from Him for we can be certain of this – He is remembering us.

Loving Father, as we recall the events of Jesus' death and resurrection, open in us that type of remembering that allows Him to become real in our lives. With His Spirit to guide us, may His life lead us into new ways of loving. We ask this in His name confident that you will hear us.

Dear Families

This week I have attended the Diocesan Principal's Conference – via zoom. The conference included workshops on trauma responsive communication, budgeting, staffing, formative assessment, Indigenous Education and Religious Education. As always, we have been provided with informative sessions which give us the opportunity for excellent professional development. I thank Rockhampton Catholic Education, especially our Director, Leesa Jeffcoat for her ongoing personal and professional support.

Unfortunately, due to a surge in covid cases this week at St Benedict's, we have made the decision to cancel our whole school mass and assemblies for the remainder of the term. However, Fr Andrew has kindly agreed to having a zoom mass with our parishioners. All students will participate in mass via zoom in their classrooms. There are no other restrictions in place for parents or students.

Over the coming holidays we have a number of projects occurring. These include,

- Roof replacement for our Prep and Administration building
- Installation of new solar on the undercover area
- Removal of demountable building and site office
- Installation of new playground (outside Prep area)

All projects will be completed by the end of the holidays. We are very excited about our new playground and thank our Parents and Friends Association for funding two thirds of this cost.

Have a great week everyone.

Caritas Activity Day

Don't forget to send along your donation for Caritas Australia on Friday 25 March. The students will be participating in a zoom mass with Father Andrew at the beginning of the day. They will then be involved in a variety of social justice awareness games and activities for the rest of the day.

Project Compassion

This week through Project Compassion we learn about Rosalie, who lives with her husband and seven children in the Democratic Republic of Congo. Forced to join the army when she was just 15-years-old, Rosalie experienced significant trauma and hardship during her years in the military. After she was demobilised from the army, Rosalie, like other ex-combatants, was left to fend for herself in the community.

With your generous support and through Caritas Australia's partners, the Catholic Agency for Overseas Development (CAFOD) and Caritas Bukavu, Rosalie was able to connect with other members of her community and participate in business skills training to help her to reintegrate into society.

She joined a savings group which helped her with a loan to start her own small business selling second-hand shoes and natural remedies.

"I can eat, dress, maintain my health and help others. My children study and manage to eat twice a day. I have learnt to work hand-in-hand with other members of the community. Really, there is more joy in sharing with others." - Rosalie
